

DS ELECTRIC GOLF CAR WITH POWERDRIVE™ SYSTEM 48 AND REGENERATIVE BRAKING

SUPPLEMENT TO THE DS GOLF CAR OWNER'S MANUAL

The following pages are supplemental to the 1995 DS Golf Car Owner's Manual. This supplement documents only those sections of the manual requiring changes or additions describing features and procedures specific to the regenerative braking vehicle. All other information in the Owner's Manual pertaining to vehicles equipped with PowerDrive System 48 (unless noted as specific to another particular vehicle) applies to the regenerative braking vehicle as well. The placement of sections in this supplement corresponds to the placement of sections in the manual. If you do not have a 1995 DS Golf Car Gasoline/Electric Owner's Manual, you may obtain one from your Club Car dealer or distributor.

Notice

It is intended that this supplement be used in conjunction with the DS Golf Car Owner's Manual. Club Car is not liable for errors in this supplement or for incidental or consequential damages that result from the use of the material in this supplement.

The Club Car Limited Warranty appears at the beginning of the DS Owner's Manual, and the Limited Lifetime Fleet Warranty appears on the last pages of the manual. No other warranties, express or implied, are contained herein. Your authorized representative checked this vehicle before it was delivered to you and will provide you with a completed warranty registration card.

This vehicle conforms to the current American National Standards Institute's Z130 Safety and Performance Requirements for Golf Cars. This standard, which promotes safety in the design, application, and operation of golf cars, defines a golf car as "a vehicle used to convey a person or persons and equipment to play the game of golf in an area designated as a golf course". Throughout this supplement, the words "golf car" and "vehicle" are used interchangeably.
