

# **1996 LIMO**

## **GASOLINE/ELECTRIC**

### **SUPPLEMENT TO THE DS GOLF CAR OWNER'S MANUAL**

---

The following pages are supplemental to the 1996 DS Golf Car Owner's Manual. This supplement documents only those sections of the manual requiring changes or additions describing features and procedures specific to the Limo vehicle. All other information in the Owner's Manual pertaining to vehicles equipped with either the OHV gasoline engine or the PowerDrive System 48 (electric) (unless noted as specific to another particular vehicle) applies to the Limo vehicle as well. The placement of sections in this supplement corresponds to the placement of sections in the manual. If you do not have a 1996 DS Golf Car Gasoline/Electric Owner's Manual, you may obtain one from your Club Car dealer or distributor.

Supplement Part No. 1018838-04

Print Code 0396A00000

## FOREWORD

---

Thank you for choosing Club Car. Whether you have chosen the Limo Gasoline or Limo Electric, you have chosen the finest golf car on the market—the golf car most widely recognized as the industry leader in vehicle efficiency and long-lasting value. Please protect your investment and ensure that your Club Car provides years of reliable, superior performance by returning your Warranty Registration (provided by your distributor/dealer), and by reading and following the maintenance instructions in this manual.

Your comfort and safety are important to us as well, so we urge you to read and follow the step-by-step operating instructions and safety procedures in this manual. These instructions must be followed in order to avoid the risk of severe personal injury. If you rent or loan your vehicle to others, we recommend that you ask them to read this manual before they operate the vehicle.

Club Car products are backed by a customer support system designed to offer you fast, courteous service. In the event that your golf car needs repairs or services, we recommend that your local authorized Club Car representative perform them. For the name and address of the Club Car representative nearest you, call 706-863-3000, Ext. 261. If you would prefer to write to us, direct your letter to: Club Car, Attention: Product Development Department, P.O. Box 204658, Augusta, Ga. 30917-4658 USA. Your local authorized Club Car representative can also provide technical advice, parts, and service manuals.

We hope you will consider this owner's manual a permanent part of your golf car. If you sell the vehicle, please include the manual so that the next owner will have the important operating, safety, and maintenance information it contains.

## NOTICE

---

It is intended that this supplement be used in conjunction with the DS Golf Car Owner's Manual. Club Car is not liable for errors in this supplement or for incidental or consequential damages that result from the use of the material in this supplement.

The Club Car Limited Warranty appears at the beginning of the DS Owner's Manual, and the Limited Lifetime Fleet Warranty appears on the last pages of the manual. No other warranties, express or implied, are contained herein. Your authorized representative checked this vehicle before it was delivered to you and will provide you with a completed warranty registration card.

This vehicle conforms to the current American National Standards Institute's Z130 Safety and Performance Requirements for Golf Cars. This standard, which promotes safety in the design, application, and operation of golf cars, defines a golf car as "a vehicle used to convey a person or persons and equipment to play the game of golf in an area designated as a golf course". Throughout this supplement, the words "golf car" and "vehicle" are used interchangeably.

This supplement contains proprietary information that is protected by copyright. All rights are reserved. No part of this manual may be photocopied, reproduced, or translated into another language without the written consent of Club Car, Inc.

The information contained in this document is subject to change without notice.

Club Car reserves the right to make design changes to either gasoline or electric vehicles without obligation to make these changes on units previously sold.

These vehicles are designed and manufactured for off-road use only. They do not conform to Federal Motor Vehicle Safety Standards or EPA regulations and are not equipped for operation on public streets, roads, or highways.
