

CONTROLLER DIAGNOSTIC TOOL (CDT) OWNER'S MANUAL

The CDT is a handheld programming and diagnostic tool for use with Club Car Electric vehicles. This owner's manual includes all information required to operate the CDT, but does not contain detailed information for troubleshooting a vehicle. Refer to the specific vehicle maintenance and service manual for detailed troubleshooting and service procedures. If you do not have a vehicle maintenance and service manual, it may be obtained from a Club Car dealer or distributor.

Manual No. 105210101

For use with Kit No. 105234501 and 105234502

Edition Code 0614A00000

NOTICE

Club Car is not liable for errors in this manual or for incidental or consequential damages that result from the use of the material in this manual.

The information contained in this document is subject to change without notice.

Club Car reserves the right to make design changes to service tools and vehicles without obligation to make these changes on units previously sold.

This manual effective December 1, 2013.
